For Immediate Release

UNITED SERVICE SOURCE, INC. RECOGNIZES ITS EMPLOYEE OF THE QUARTER

MELBOURNE, FL June 28, 2006 – United Service Source, Inc., a leader in field maintenance and system integration for multiple technology markets including commercial communication systems, government weather, consumer sites, digital media and broadcast host locations, named Rebecca Antoon as USSI Employee of the Quarter.

Rebecca has been with USSI just over a year and is an integral part of our Information Technology team. She maintains a positive, professional spirit that supports her team's efforts and goes beyond the call of duty to provide the utmost in customer service. Behind the scenes she has had a very large role in the development and implementation of standardized programming efforts. She has taken the role of the MIS (Management Information System) go-to person.

Rebecca has embraced every aspect of keeping USSI ready to deliver real-time information to our Customers and Vendors. She meets our external needs by developing the real time reports that are used on the virtual portals used by our Customers and Service Providers. Internally, Rebecca strives to improve the structure of the employee intranet portal by standardizing reports and redefining the overall viewing capabilities of our internal applications to make each employee's life easier.

Rebecca is the primary contact for our enterprise program management software and works with our vendor to ensure stability of the program. She will be assisting in the integration and implementation of a new version of enterprise program management software set to release July 1st.

Thank you for all your hard work and dedication to USSI Rebecca!

Additional details regarding USSI are available at www.USSI.org
