## **UNITED SERVICE SOURCE, INC. RECOGNIZES ITS EMPLOYEE OF THE QUARTER**

MELBOURNE, FL February 8, 2007– United Service Source, Inc., a leader in field maintenance and system integration for multiple technology markets including commercial communication systems, government weather, consumer sites, digital media and broadcast host locations, named James “Stewart” Coleman as USSSI Employee of the Quarter.

Stewart has been a member of the USSSI team since July of 2005 working in our Information Services department as a Web Applications Developer. He has been an essential member of our staff providing support and development of intranet and internet software applications for use by the USSSI staff and customers alike. In addition to software development, he performs maintenance on the USSSI web servers with fellow coworkers. Stewart has also been instrumental in design and layout of marketing materials.

Stewart exceeds expectations by providing the USSSI staff and customers with the tools needed to make the website and software applications user friendly.
